Jaipur, Rajasthan — +91 8949193728 — rahultak955@gmail.com

GitHub: [rahultak1923](#)

Software developer with **2 years of experience** building scalable web applications using **Node.js, REST APIs, WebSockets, MongoDB, and React.js**. Experience designing backend services, integrating APIs, and developing responsive frontend interfaces. Passionate about backend engineering and constantly learning new technologies to build efficient and scalable systems.

Core Skills

Backend: Node.js, Express.js, REST APIs, WebSockets, MongoDB

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind, Bootstrap

Tools: Git, GitHub, Postman, Vercel

Concepts: API Design, Real-time Communication, Responsive Design, Performance Optimization

Professional Experience

Full Stack Developer — RentalPe

May 2024 – Dec 2025

Jaipur, India

- Designed and developed backend services using **Node.js** and **Express.js** to support scalable web applications.
- Built and integrated **RESTful APIs** for client-facing applications and internal services.
- Implemented **real-time communication features** using WebSockets.
- Designed and managed **MongoDB databases**, including schema design and data optimization.
- Developed responsive frontend interfaces using **React.js** and modern UI frameworks.
- Created reusable components and optimized frontend-backend integration workflows.
- Improved application performance and reduced load times through optimization and debugging.
- Deployed and maintained applications in production environments.
- Collaborated with team members to deliver features under startup timelines while maintaining code quality.

Key Projects

Rani Sati Mandir Surat — Temple Website

Node.js, MongoDB, React.js

- Developed backend APIs and integrated frontend components for a responsive temple website.
- Implemented efficient data handling and optimized performance.

Shree Krishna Tour & Travels — Booking Platform

Node.js, HTML, CSS

- Built backend logic for inquiry handling and frontend booking interface.
- Designed mobile-friendly layouts and API integrations.

Client Portfolio Websites (Multiple)

Full Stack Web Development

- Delivered full stack portfolio websites with backend integration and responsive UI.
- Focused on performance, clean architecture, and maintainability.

Education

Bachelor of Computer Applications (BCA)

Rajasthan University

2022 – 2025
